

Pirate or Holiday Store

Using the same style as the Stop Inn Bakery, I would like you to create a poster based on the following ideas:

- A pirate themed store:** You are opening a store catering to pirates. Come up with some categories and items to sell your customers. Think about all the things pirates might need. Ships, row boats, peg legs, hand hooks, glass eyes, parrots, just to name a few! Tell them how much the things are! You can sell pirate weapons, but you may not sell alcohol.
- Holiday themed store:** Pick a holiday and create a store that sells products for that particular holiday. Examples of some of the more popular holidays that would work for this assignment include:
 - Christmas
 - Columbus Day
 - Easter
 - Fall
 - Halloween
 - Independence Day
 - Labor Day
 - Memorial Day
 - Spring
 - St. Patricks' Day
 - Summer
 - Thanksgiving
 - Valentines Day
 - Winter

Whichever topic you choose should have the following things:

- Lots of CREATIVITY!
- Must use "No Spacing"
- Your own choice of border, margins, fonts, sizes, and colors
- A pretend store name and a fake address
- Categories of items with items in each category
- Prices for your things (each thing can have a different price)
- Symbols between your categories
- A slogan
- Your name
- Must fit on the front side of your paper

Put this in your portfolio!
